# Samuel L. Jackson is still the top grossing actor of all time

Samuel L. Jackson in Pulp Fiction

This is a controversy that refuses to die. There is another claim that K_Line Christian Online incorrectly reported that Samuel L. Jackson is the top grossing actor of all time.

I stand by my previous statement: *“Samuel L. Jackson was the top grossing actor of all time, and… aside from the near constant stream of profanity in many of his movies, I have to agree he is a pretty talented actor.”*

The Guinness Book of World Records confirmed his status, as reported in Entertainment Weekly, The New York Daily News, and MSN.com.
