MOVIE REVIEW: Zombies of Mass Destruction (2009)

★★★★★ (1/2 star) I am a Christian who loves zombie movies. However, **this film is not so much a zombie movie, as it is an *Anti-Christian rant, with a zombie theme.*** Seriously, you can't be too thin-skinned if you want to enjoy zombie movies. Many zombie movies depict characters questioning their faith, or have some less than flattering reference to the church. However, in the case of *Zombies of Mass Destruction* most of the movie is devoted to showing how bad and evil Christians are; and to demonstrate that neither Christians nor Christ Himself have any relevance or worth.
