FAITHFUL-

We have BIG plans for 2011...let's get started with our regular forum

FAITH FORUM:

- **Christians Impacting America**
- Saturday, January 15
- 3:30 PM: Meet & Greet – 4:00: Meeting
- Featured speakers are: Pastor Bryan Longworth & Pastor Jim McGarvey...

Pastor Bryan – is the son of a pastor of Covenant Tabernacle. Growing up in a Christian home, he has always been pro-life, but like many, never did anything to save mothers and their preborn children from the horrors of abortion. In 1989, he answered the call of God to protect women and their preborn children from the horrors of abortion. In December 1994, he joined his dad as associate pastor at Covenant Tabernacle in Port St. Lucie, FL. In 2009, he became the director of Personhood FL, a prolife organization working to pass the Florida Personhood Amendment that will end abortion in FL.

Pastor Jim – an ordained and licensed minister with the Christian & Missionary. He previously served with the Hope Women's Centers (HWC), through 2008. He believes that Satan is the architect of abortion (John 8:44) and the church is the only institution or organism that is spiritually equipped to deal with the Satanic forces behind abortion. Therefore the church must take the lead in the efforts to end abortion.
